

RHODESIA'S EASY VICTORY.

FEATURES OF BRIGHTON BEACH RACES.

A HEAD HEAT BETWEEN FERRIER AND GOLD.

A fair number of spectators witnessed the races at Brighton Beach yesterday. The heat was intense, and many of those present suffered severely. It is well known that racers get an opportunity to see well-contested struggles in the same afternoon. There was more or less grumbling about the head-heat decision between Gold Crest and Ferrier, as many persons in the grandstand thought that Gold Crest won. The stewards, when inquiry was made, said that they were unable to separate the two horses. Hence the decision was accepted as just.

The chief features of the day were Taral's magnificent triumph on Ferrier and the amazing ease with which Rhodesia disposed of Cleopatra in the special race. Taral caused all observers to forget the heat when he brought up Ferrier in the last furlong of the third race and challenged Hamilton on Gold Crest. Hamilton rode with all his old-time dash and vigor, but Taral's superiority was conspicuously evident, as he managed to land Ferrier on even terms with Gold Crest at the winning post.

H. H. Hume, who trains Ferrier, decided to run the race off, although Lakeland was willing to divide the purse. Hume had unbounded confidence in Ferrier, who was in superb condition, and he understood the starting machine. Gold Crest led off and ran in the run-off and won the contest easily by a neck.

Rhodesia won so handily that she was hailed as the probable winner of the Futurity by many excellent judges of form. Rhodesia is well engaged in England, and is bred to stay any distance on both sides of her pedigree. She is one of the handsomest fillies in training, and is certainly a gem among them.

H. H. Hume was greatly disappointed at St. Bartolomew's showing in the second race. Mr. Hume believed that Griffin swims too much, and wakens himself by remaining in the water hours at a time.

Gold Crest was wasted \$500 by giving a two-mile hurdle race, in which three horses started. The sixth race was a head-heat between Gold Crest and Ferrier, and the word to start was given. The machine was slow to act, and San Francisco struck it as it passed the middle, and the two horses were separated in the middle, and the race was a dead heat.

A DAY FOR FAVORITES AT FORT WAYNE.

Fort Wayne, Ind., Aug. 11.—Fine weather and an attractive card drew 2,000 people for the big circuit races at the Fort Wayne Driving Park this afternoon. The track was in good condition, but nothing sensational ensued, the races all going to favorites in straight heats.

In the 2:20 trot, unfinished from yesterday, Derby Wilton took the heat and the race, though Bessie Wilton was expected to show improved form. Dick Hubbard showed a splendid start in the stretch and won second money. Margaret had undisputed claim to first money from the start in the three-year-old trot, and Fairview took the three-year-old pace quite easily.

Frank Bogash and Mooking Boy were high sellers in the 2:30 trot. Mooking Boy was the favorite, but Bogash made a fine start and won the race. Mooking Boy was the favorite, but Bogash made a fine start and won the race.

THREE FOR THE GIANTS.

THEY SCORE THEIR THIRD VICTORY OVER BROOKLYN.

KENNEDY KNOCKED OUT OF THE BOX—AFTERWARD A DULL AND UNINTERESTING GAME.

New-York, 8, Brooklyn, 2. Pittsburgh, 9, St. Louis, 1. Chicago, 6, Cincinnati, 0. The New-Yorks surprised themselves by defeating Brooklyn, at the Polo Grounds yesterday afternoon, for the third consecutive time. The game was dull and uninteresting. Kennedy was knocked out of the box in the first inning, and Stein was substituted. The lead which the New-Yorks thus took robbed the game of all interest afterward.

STOCK PRICES STILL HIGHER. IMPROVEMENT IN THE MARKET CONTINUES.—CLOSING OF THE MURRAY HILL BANK WITHOUT EFFECT.

The improvement in the stock market continued yesterday. The prices for American stocks in London received here before the opening of the market were from 1/4 to 1/2 per cent above the closing prices in New-York on Monday, and they gave an impetus to the upward movement.

Some of the net advances for the day were: Sugar, 1/4; Tobacco, 1/4; Atchafalca, 1/4; Canadian Southern, 1/4; Chicago Gas, 1/4; Erie preferred, 1/4; Consolidated Electric, 1/4; Louisville and Nashville, 1/4; Manhattan, 1/4; Metropolitan, 1/4; Rock Island, 1/4; St. Paul, 1/4; Southern Railway, 1/4; Western Union, 1/4.

The call money market seems to be firmly established on a 6 per cent basis. The time money market also shows additional stiffness. Generally speaking, the rate is 6 per cent for all dates with Government bonds for collateral, and then any surplus is used as security for a commission on the loan.

Other houses and banks may lend their money a little more cheaply in consideration of the gold clause in their notes, but they demand the best quality of collateral. The outlook favors a strong money market for some time to come, with periods of stringency. It is too early as yet to tell how much money will be required to move the crops, but it is not as serious a commission as has been paid.

THE MEET AT LOUISVILLE.

OVER 10,000 VISITORS IN THE BLUE GRASS CITY.

THE VISITORS BEING ROYALLY ENTERTAINED—RUNS OVER COUNTRY ROADS—PREPARATIONS FOR THE RACES TO-MORROW.

(BY TELEGRAPH TO THE TRIBUNE.) Louisville, Aug. 11.—At noon to-day there were between 10,000 and 15,000 visitors in the city. Each train brings its delegations and the entire population of the town in the State seem to have populated their wheels and started for Louisville. Runs are the order of the day, and from the bluegrass, the beargrass and the "penneyry" they are coming. The headquarters to-day present a busy and a lively appearance. They did yesterday. The bathhouse and the refreshment stand were crowded. The lunch table was crowded, the register was being filled with the names of the wheelmen and everything was "on the move." The attendance is more than gratifying. The present number will be augmented to-m
